

Model: **B 330 CC**

Class: **B**

Manufacturer: Monark-Crescent AB, Uppsala, Sweden.

Designer: Basic by Hans Müller 1964.

Year produced: 1965

Power (hp): 39

Rated rpm (r/m): 7000

Number of cylinders: R-2

Bore (mm): 60

Stroke (mm): 58,8

Displacement (cm³): 333

Bearings: Crankshaft: Ball and roller. Crankpin: Roller. Piston pin: Bronze bushing.

Ignition: Battery.

Firing order: 1-2.

Spark plugs: Bosch 260.

Scavenging system: Twostroke, threeport. Flat head loop

Carburetor: Amal (2x).

Oil-fuel ratio: (methanol-castor oil) 1:25

Gear ratio: 1:1

Propeller: Special racing.

Top speed (km/h): 115.

Weight (kg)

Transom height (mm): 350.

Number produced: Only 1 motor.

Successes: World one hour record at 91,76 km/h by Carl-Eric Zander 1965.

Swedish speed record at 113,66 km/h in class B set by Carl-Eric Zander 1965.

Comments: Tower and lower unit similar to CS 500.
